

Editorial

Dear Authors, Reviewers and Readers,

Archive of Oncology ceased publishing in 2014. In 2017 the Journal started to publish again, in electronic version only. As of June 2017 the Journal is receiving manuscripts and reviews via on-line management system. We are confident that this will enhance Journals quality and ease communication for all Journal contributors.

We are welcoming new submissions and are pleased to continue cooperation with members of International, National and Reviewer Boards, Authors and Journal contributors that have been by our side for years.

I am pleased to inform you that Issue 1, Vol. 23 (2017) is published.

Dr Dragana Četojević-Simin
Editor-in-Chief
