

ERRATUM

Investigating micrometeorological differences between steppe, forest-steppe and forest environment in northern Serbia during a clear and sunny autumn day (Vol. 24, Issue 3, p. 176-186, 2020, DOI: 10.5937/gp24-25885).

doi: 10.5937/gp24-30091

In the article authored by Milošević D., Dunjić J., and Stojanović V., entitled „Investigating micrometeorological differences between steppe, forest-steppe and forest environment in northern Serbia during a clear and sunny autumn day“ which was published in issue 3 (vol. 24) of Geographica Pannonica journal, one of the stated formulas (Method and data section, page 180, Humidex formula) has been misspelled in the stage of technical preparation of the article. We sincerely apologize to the readers for the inconvenience. With the author's permission, in this issue we publish the corrected formula.

misspelled formula

$$H = T_{air} + \frac{5}{9} \left(6.112 \cdot 10^{\frac{7.5 \cdot T_{air}}{237.7 + T_{air}}} \cdot \frac{RH}{100 - 10} \right)$$

corrected formula

$$H = T_{AIR} + \frac{5}{9} \left(6.112 \cdot 10^{\frac{7.5 \cdot T_{AIR}}{237.7 + T_{AIR}}} \cdot \frac{r_H}{100} - 10 \right)$$
